

## How to measure...

STEP 1: Place your child's left foot on our marked dotted line and mark highest point of foot.

STEP 2: Place your child's right foot on our marked dotted line and mark highest point of foot.

STEP 3: The larger of the two measurements is your child's foot size.

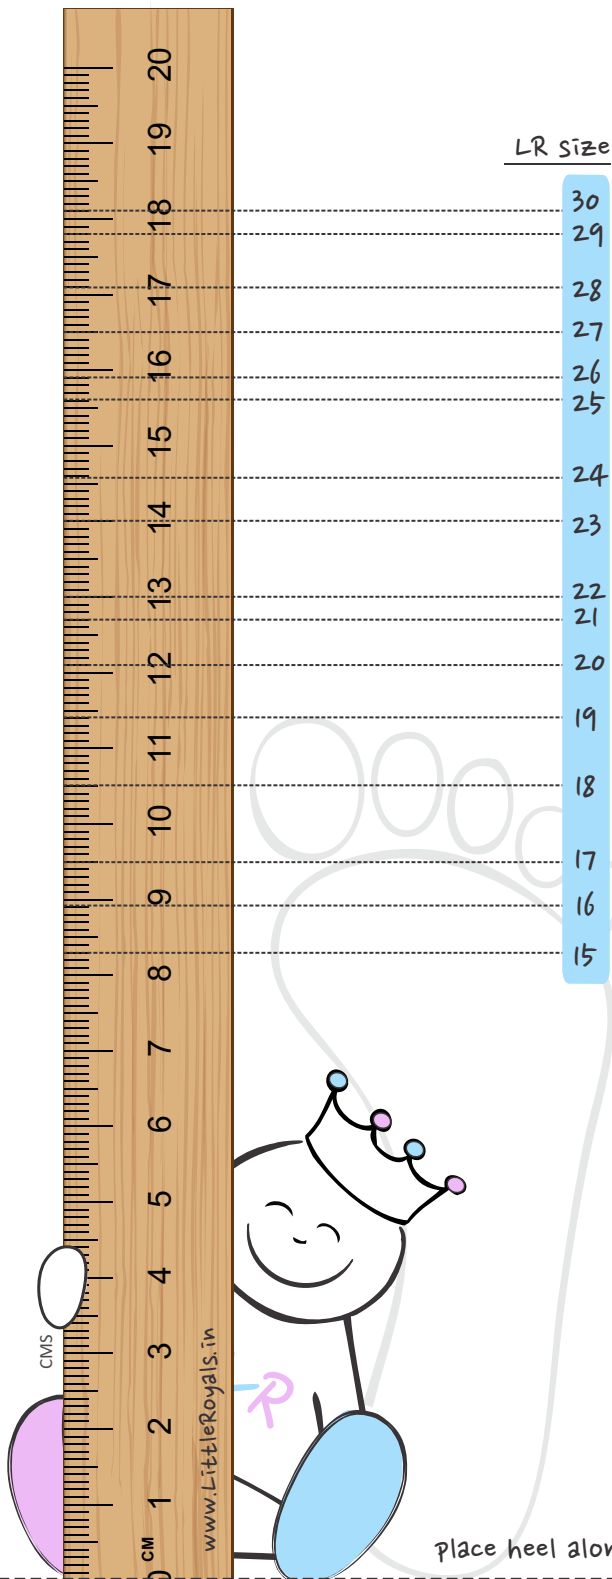

consider following when measuring:

- If socks are to be worn with shoe being purchased, it's advisable to measure foot size with socks.
- No two feet are the same, and so both feet need to be measured in determining correct size.

Find more information on the sizing section of our website [www.littleroyals.in/sizing](http://www.littleroyals.in/sizing)

## Size chart Table

CMS	LITTLE ROYALS	UK/INDIA	US
8.3	15	0	½
